Arrival of the Rescued Seamen of the Polaris at St. Johns, N. F.

Statement of Myers, and Additional Statement of Tyson-Thrilling Recital.

ST. JOHNS, N. F., May 13.-Intense excitement prevails here, owing to the landing of the Tyson party this after-Tyson and Myers remained on board until they were supplied with clothing by the American consul. All look well, and are in good health and spirits. Captain Hall died the fifteenth lay after returning from the first expetion. He was paralyzed before his death, and gradually sunk, dying at twenty-five minutes past three in the morning. Myers says he never gave up wants to get into so tight a corner again

The party never could have reached here but for the Esquimaux.

Tyson says that his statement sent to the New York Heraid last Friday contained facts. He can give nothing more than his notes of adventure since leaving the Polaris, and which we will not publish now. He thinks that the party with the Polaris may get home even should the vessel be destroyed. All on the arm of the polaris were well. The statements of the New York Heraid last Friday contained facts.
